

## **REMARKS**

The Office Action of April 06, 2007, has been carefully considered. The paragraph beginning on line 8 of page 5 of the specification is herein amended to replace "pivot end 22" with "lever arm pivot end 22" to distinguish the pivot end 22 from the pivot end 14 of the actuating lever 12. A very minor amendment has been made to Claim 5 to improve clarity. No new matter has been added.

### **Objections to the Claims**

The Office Action Objected to Claim 5 citing that the term "the distal end" lacks antecedent basis, and to Claims 6-15 which depend from Claim 5. Claim 5 is herein amended to replace "the distal end" with "the lever arm pivot end". The Applicant believes that Claims 5-15 are now in condition for allowance and respectfully requests that the Examiner withdraw the objections to Claims 5-15 and advance Claims 5-15 to allowance.

## **CONCLUSIONS**

Claims 1-20 remain pending in the application. Claim 5 has been amended to overcome an objection. Applicant respectfully requests that the Examiner advance Claims 1-20 to allowance.

Respectfully submitted,
